## CAMPING PHILOSOPHY

In the camping setting, with the beauty of creation all around them, we seek to give campers a foundational experience with Christ and the opportunity to gain a personal testimony. The camp setting should provide a zionic community where campers learn:

1. I matter.
2. I am important to God and to others.
3. I am capable...even if I am not perfect.
4. I am needed to contribute to the whole.
5. The worth of persons.

The youth camp experience should provide opportunities for opportunities for the campers to learn new skills geared to their age level. They should have the opportunity to practice these new skills in a safe and nurturing environment so that they can go home with a sense of accomplishment.
